NORTHERN TERRITORY OF AUSTRALIA

Act No. [] of 2019

An Act to provide for clearance for people providing support and services to participants in the National Disability Insurance Scheme and for related purposes

[Assented to [] 2019]
[Introduced [] 2019]

The Legislative Assembly of the Northern Territory enacts as follows:

Part 1 Preliminary matters

1 Short title

This Act may be cited as the *National Disability Insurance Scheme (Worker Clearance) Act 2019*.

2 Commencement

This Act commences on the day fixed by the Administrator by *Gazette* notice.

3 Objects of Act

The objects of this Act are to provide for screening checks intended to protect participants from harm arising from poor quality or unsafe supports or services under the NDIS by:

- (a) demonstrating that the rights of participants to be safe and protected are a high community priority; and
- (b) reducing the potential for providers of NDIS funded supports and services to engage individuals who pose an unacceptable risk of harm to participants; and

- (c) prohibiting individuals who have a history of harm against participants from having more than incidental contact with participants when working for a provider of NDIS funded supports and services; and
- (d) deterring individuals who pose an unacceptable risk of harm to participants from seeking NDIS work.

4 Principles guiding screening checks

Screening checks are to be guided by the following principles:

- (a) human rights – the paramount consideration is the right of participants to live their lives free from abuse, violence, neglect and exploitation, consistent with the United Nations Convention on the Rights of Persons with Disabilities;
- (b) duty of care – providers of NDIS funded supports and services have the primary responsibility for ensuring that they do not engage unsuitable people and that their employees are not acting or behaving in any way that puts participants at risk of harm;
- (c) screening is risk-based – decisions are made based on the potential risk an individual poses to participants after assessing the details of a range of relevant information;
- (d) proportionality – only employees whose role provides a significant opportunity for harm to participants are required to undergo screening;
- (e) consistency – ensuring the screening check delivers the same outcome, regardless of the jurisdiction in which the assessment was conducted;
- (f) privacy and appropriate use of information – information about an individual, obtained in the course of conducting screening checks, is not used for an improper purpose and is protected from inappropriate disclosure;
- (g) natural justice – procedural fairness and transparency, ensuring screening check processes are independent and fair;
- (h) efficiency and effectiveness – streamlined screening processes for employees of providers of NDIS funded supports and services who operate across jurisdictions, with a single screening process for all employees.

5 Act binds Crown

This Act binds the Crown in right of the Territory and, to the extent the legislative power of the Legislative Assembly permits, the Crown in all its other capacities.

6 Application of Act

This Act applies to and in relation to a person who, under Part 2 of the *National Disability Insurance Scheme (Practice Standards – Worker Screening) Rules 2018* (Cth), is required to have an NDIS worker clearance.

Note for section 6

Rule 14(c) of the National Disability Insurance Scheme (Practice Standards – Worker Screening) Rules 2018 (Cth) provides that a person is not required to have a clearance if the person is:

Note for subsection (1)

The Interpretation Act 1978 contains definitions and other provisions that may be relevant to this Act.

- (2) A term defined in the NDIS Act has the same meaning in this Act unless separately defined for this Act.

8 Meaning of *more than incidental contact*

- (1) Without limiting what may constitute ***more than incidental contact***, the normal duties of a role are likely to require more than incidental contact with a participant if those duties include:
- (a) physically touching a participant; or
 - (b) building a rapport with a participant as an integral and ordinary part of the performance of those duties; or
 - (c) having contact with multiple participants:
 - (i) as part of the direct delivery of a specialist disability support or service; or
 - (ii) in a specialist disability accommodation setting.

Examples for subsection (1)

- 1 *The role of an employee involves the delivery of mobility equipment to the homes of participants. As a standard part of that role, the employee provides training and instructions to the participant about how to use the equipment safely and makes adjustments to the equipment to make it suitable for the*

participant. This role is likely to require more than incidental contact. This is because there is "contact" with the participant. The ordinary content of that contact (testing the participant's needs and preferences with them, talking about and responding to the nature of their disability) means that there is a level of openness and trust required on the part of the participant which would routinely involve the employee building a level of rapport with them.

- 2 *An accountant works for a business that supplies custom prosthetics to participants, and performs only "back office" duties. The accountant has coincidental contact with participants many work days, when moving through public areas of the business, at which time the accountant nods and says hello to the customers. The accountant's role does not involve more than incidental contact with participants. This is because the duties of the role do not require the accountant to have more than polite, functional contact with participants, or get to know them in any way.*

- (2) In this section:

contact includes physical contact, face-to-face contact, oral communication, written communication and electronic communication.

9 **Meaning of *NDIS work***

- (1) ***NDIS work*** means work comprising, or in connection with, the provision of supports or services by registered NDIS providers or NDIS providers to participants.

- (2) In this section:

work means work:

- (a) that is the subject of requirements under the NDIS Act for a person to hold a clearance under this Act or a corresponding law in order to be allowed by a registered NDIS provider or NDIS provider to engage in that work; or
- (b) that the Screening Agency is satisfied is work in respect of which it is otherwise necessary or convenient for a person to hold a clearance to facilitate the person's engagement in that work.

10 **Meaning of *presumed disqualified person***

- (1) A person who, as an adult, committed a presumed disqualifying offence is a ***presumed disqualified person***.
- (2) A person who is the subject of pending criminal proceedings for a disqualifying offence or a presumed disqualifying offence, allegedly committed as an adult, is also a ***presumed disqualified person***.
- (3) A presumed disqualified person must be refused a clearance unless there are exceptional circumstances.

11 Meaning of *risk assessed role*

- (1) A ***risk assessed role*** is:
 - (a) a key personnel role of a person or an entity; or
 - (b) a role for which the normal duties include the direct delivery of specified supports or specified services to a participant; or
 - (c) a role for which the normal duties are likely to require more than incidental contact with a participant.
- (2) A registered NDIS provider must:
 - (a) assess all roles in which the provider's employees and other personnel will engage; and
 - (b) identify each one that is a risk assessed role.
- (3) An NDIS provider may:
 - (a) assess all roles in which the provider's employees and other personnel will engage; and
 - (b) identify each one that is a risk assessed role.
- (4) A role is a role with a particular registered NDIS provider or NDIS provider, whether the duties of the role are performed by an employee or other personnel.

12 Meaning of *volunteer*

- (1) A person is a ***volunteer*** if the person:
 - (a) may be engaged by another person to do NDIS work as a volunteer; or
 - (b) may do NDIS work as a volunteer on the person's own account.
- (2) A person mentioned in subsection (1)(b) is taken to be a self-employed person who engages themselves as a volunteer.

13 Screening Agency

The Minister may, by *Gazette* notice, declare an entity to be the Screening Agency.

14 Application of Criminal Code

Part IIAA of the Criminal Code applies to an offence against this Act.

Note for section 14

Part IIAA of the Criminal Code states the general principles of criminal responsibility, establishes general defences, and deals with burden of proof. It also defines, or elaborates on, certain concepts commonly used in the creation of offences.

- (2) However, a screening check may also be performed in relation to a person who is:
 - (a) engaged by, or to be engaged by, an NDIS provider; or
 - (b) a self-employed person who engages in NDIS work.

- (3) For an application for a screening check to be processed, a registered NDIS provider or an NDIS provider must verify that the applicant is, or will be, engaged in NDIS work.
- (4) If an applicant's nominated registered NDIS provider or NDIS provider does not, within the timeframe required by the Screening Agency, verify that the applicant is engaged by, or to be engaged by, the registered NDIS provider or NDIS provider in NDIS work, the application is discontinued.

Division 3 Assessment of application

21 Eligibility to work while application assessed

- (1) Subject to subsections (2) and (3), an applicant may engage in NDIS work once the applicant has submitted an application for a screening check.

- (2) The Screening Agency must refuse clearance to an applicant:
 - (a) if the applicant is a disqualified person; or
 - (b) if, after the assessment of the application under section 22, the Screening Agency determines that the applicant poses an unacceptable risk of harm to participants.
- (3) The Screening Agency may refuse clearance if the Screening Agency is not satisfied that the applicant is or will be engaged to do NDIS work.

Note for subsections (2) and (3)

Division 5 applies if an applicant's clearance is refused.

- (4) The Screening Agency must:
 - (a) notify an applicant, in writing, if the Screening Agency refuses clearance to the applicant; and

- (c) if no issues arise through self-disclosure or any relevant and assessable records.

Note for subsection (1)

A clearance may also be granted after a risk assessment of the applicant under section 37(1)(a)(i).

25 Duration of clearance

A clearance remains in force for 5 years from the date of the clearance unless earlier surrendered, suspended or cancelled.

- (1) The Screening Agency may, without proceeding to a risk assessment, cancel a person's clearance if:
 - (a) the clearance was granted as a result of an invalid application; or

 - (c) the Screening Agency is no longer satisfied that the person is or will be engaged to do NDIS work.

29 Excluded persons

- (1) A person mentioned in section 28 is **excluded** from NDIS work.
- (2) Excluded persons are prohibited from engaging in NDIS work and delivering non-specified supports and services entailing more than incidental contact with a participant, as a registered NDIS provider or an NDIS provider or as a person employed by a registered NDIS provider or an NDIS provider.

Note for subsection (2)

Excluded persons are also required under the NDIS Code of Conduct to disclose the outcome of the person's screening check to any person or provider to whom they are providing supports or services under the NDIS.

- (3) An excluded person (except a person mentioned in section 26(1)(c)) may not reapply for a screening check for a period of 5 years after the date of the decision.

Note for subsection (3)

If the reason the person's clearance was refused or cancelled is because the person is a disqualified person, the person will not be subject to the prohibition. A disqualified person is permanently disqualified from reapplying for a clearance under section 16(1)(a).

- (4) The effect of the prohibition is that the person is prohibited for 5 years from the date of the refusal or cancellation from reapplying for a screening check, unless:

This Division applies if the Screening Agency:

- (a) imposes an interim bar on an applicant under section 23(1)(c);
or
- (b) suspends the clearance of a person under section 27(2)(a).

31 Interim bar

- (1) An interim bar prevents an applicant from engaging in NDIS work while the applicant's application is pending.
- (2) The Screening Agency must impose an interim bar in relation to an applicant:
 - (a) if the applicant is subject to a pending charge for a disqualifying offence – until the charge is resolved or the Screening Agency determines the application; or
 - (b) if the applicant is subject to a banning order by the NDIS Commission – until the NDIS Commission varies or revokes the banning order, or the Screening Agency determines the application; or
 - (c) if the Screening Agency is satisfied there is a reasonable likelihood that a risk assessment of the applicant will determine that the applicant poses an unacceptable risk of harm to participants.
- (3) An interim bar remains in place until the Screening Agency determines the application relating to the applicant on whom the interim bar is imposed.
- (4) If the Screening Agency decides to impose an interim bar on an applicant, the Screening Agency must give the applicant a decision notice for that decision.

- (5) The Screening Agency must:
- (a) notify an applicant, in writing, when an interim bar relating to the applicant ceases to be in effect; and
 - (b) notify the NDIS Commission if an interim bar is imposed on an applicant, and also if an interim bar ceases to be in effect.

32 Suspension

- (1) A suspension of a person's clearance prevents the person from engaging in NDIS work until the Screening Agency decides whether to lift the suspension or cancel the clearance.
- (2) The Screening Agency must suspend a clearance in relation to a person:
- (a) if the person is subject to a pending charge for a disqualifying offence – until the charge is resolved or the Screening Agency completes a risk assessment; or
 - (b) if the person is subject to a banning order by the NDIS Commission – until the NDIS Commission varies or revokes the banning order, or the Screening Agency completes a risk assessment; or
 - (c) if the Screening Agency is satisfied that there is a reasonable likelihood that a risk assessment of the person will determine that the person poses an unacceptable risk of harm to participants.
- (3) If the Screening Agency decides to suspend a person's clearance, the Screening Agency must give the person a decision notice for that decision.
- (4) The Screening Agency must:
- (a) notify a person, in writing, when a suspension of the person's clearance is lifted; and
 - (b) notify the NDIS Commission if a person's clearance is suspended, and also if the suspension is lifted.

33 Internal review of interim bar or suspension

- (1) Subject to subsection (3), the following decisions are reviewable:
- (a) a decision to impose an interim bar on an applicant;
 - (b) a decision to suspend a person's clearance.

- (2) The applicant or the person may seek an internal review of the decision if the interim bar or suspension has been imposed or in place for 6 months or longer.
- (3) A person whose clearance has been suspended is not entitled to apply for a review if the person is a disqualified person, except on the grounds that the person is a disqualified person only because of mistaken identity.

Note for section 33

If a person is unsuccessful on an internal review, the person may seek review of the decision by NTCAT – see section 43.

Division 7 Risk assessment

34 Requirement for risk assessment

The Screening Agency may conduct a *risk assessment* of a person if:

- (a) the person is an applicant on whom an interim bar has been imposed under section 23(1)(c); or
- (b) the person's clearance is suspended under section 27(2)(a).

35 Matters to be considered when determining whether there is unacceptable risk of harm to participant

- (1) In determining if a person poses an unacceptable risk of harm to a participant, the Screening Agency does not need to be satisfied that it is likely the person will cause harm to a participant in the future.
- (2) In determining whether a person poses an unacceptable risk of harm to a participant, the Screening Agency must consider the following factors:
 - (a) the nature, gravity and circumstances of any offence committed, or alleged to have been committed, or misconduct by the person or other relevant information and how this is relevant to disability-related work;
 - (b) the length of time that has passed since the event occurred;
 - (c) the vulnerability of the victim at the time of the event and the person's relationship to the victim or position of authority over the victim at the time of the event;
 - (d) the person's criminal, misconduct or disciplinary or other relevant history, including whether there is a pattern of concerning behaviour;

- (e) the person's conduct since the event;
 - (f) all other relevant circumstances in respect of the person's offending, misconduct and disciplinary or other relevant history and the impact on the person's eligibility to be engaged in NDIS work.
- (3) To determine the relevant weight given to information in a risk assessment, the Screening Agency must take into account the context and characteristics of the information, including reliability, how it was obtained and the nature, extent and outcome of investigations.
- (4) The rights of a person to work with a participant are not relevant in determining whether or not a person poses an unacceptable risk of harm.
- (5) If a person has multiple criminal offences of varying severity, the Screening Agency must consider disqualifying offences and presumed disqualifying offences before considering other offences.

36 Staff to be appropriately skilled

- (1) A risk assessment of a person must only be undertaken by appropriately skilled staff.
- (2) In this section:

appropriately skilled includes having appropriate qualifications, experience or standing to make the assessment, as determined by the Screening Agency.

37 Determination or intention of Screening Agency after risk assessment

- (1) At the completion of a risk assessment the Screening Agency may:
- (a) for an applicant to whom an interim bar has been imposed:
 - (i) grant the clearance; or
 - (ii) if the risk assessment indicates that the applicant poses an unacceptable risk of harm to a participant – indicate an intention to refuse the clearance; or
 - (b) for a person subject to a suspension:
 - (i) lift the suspension; or

- (ii) if the risk assessment indicates that the person poses an unacceptable risk of harm to a participant – indicate an intention to cancel the clearance.
- (2) The Screening Agency must notify the person, in writing, of the Screening Agency's determination or intention under subsection (1).
- (3) The notice must give reasons for the intention to refuse or cancel the clearance and advise the person of the process for requesting an internal review of the proposed decision.

38 Internal review of intention

- (1) Subject to subsection (3), an intention to refuse clearance to an applicant or cancel a person's clearance is reviewable.
- (2) The applicant or the person may seek an internal review of the intention within the time specified in the notice given under section 37(2).
- (3) An applicant whose clearance has been refused or a person whose clearance has been suspended is not entitled to apply for a review if the applicant or the person is a disqualified person, except on the grounds that the applicant or the person is a disqualified person only because of mistaken identity.

Note for section 38

If a person is unsuccessful on an internal review, the person may seek review of the decision by NTCAT – see section 43.

39 Determination of Screening Agency after intention notified

- (1) If no application for internal review is received within the specified time in the notice given under section 37(2), the Screening Agency must:
 - (a) if the Screening Agency is proceeding under section 37(1)(a)(ii) – refuse the clearance; or
 - (b) if the Screening Agency is proceeding under section 37(1)(b)(ii) – cancel the clearance.
- (2) The Screening Agency must notify the person, in writing, of the Screening Agency's decision under subsection (1).
- (3) The Screening Agency must notify the NDIS Commission of:
 - (a) the outcome of an application for a screening check; or

- (3) However, the Screening Agency must not accede to the request for cancellation if:

 - (b) the Screening Agency is undertaking, or proposing to undertake, a risk assessment of the clearance holder.
- (4) The Screening Agency must:
