

# ESTIMATES COMMITTEE

## Question Taken on Notice

**Question Number:** 4.9

**Output Number:** 9

**Date:** 8 December 2020

**From:** Member for Nelson

**To:** Hon Eva Lawler

**Portfolio:** Infrastructure, Planning and Logistics

**Agency:** Department of Infrastructure, Planning and Logistics

**Subject:** Cavenagh Street bus stop variation costs

---

### **QUESTION:**

My understanding is that for the bus stop on Cavenagh Street there was a variation varied out and then it was varied back in again. What was the total cost of those two variations combined?

### **ANSWER:**

To allow construction works at the new intersection of Garramilla Boulevard and Cavenagh Street, it was necessary to temporarily relocate the Cavenagh Street bus stop to Smith Street and then return it to Cavenagh Street at the completion of the Boulevard's construction.

A variation of \$276,464 was made to the original scope of works to include improvements such as a dedicated bus lane and the provision of a "B light" within the traffic signals.
