

**LEGISLATIVE ASSEMBLY OF THE NORTHERN TERRITORY**

**WRITTEN QUESTION**

Mr Gerard Maley to the Minister for Infrastructure, Planning and Logistics:

**Mandorah Marine Facilities**

**Questions:**

1. Can you provide an update of progress in delivering the \$50 million Mandorah Marine Facility? When will the tender to construct the facility be awarded and is there an anticipated commencement date for works to begin?
2. The 2022-23 budget has \$47.2m revoted works for the new Mandorah Marine Facility. How much of this revote will be spent this coming financial year and what will be programmed over future financial years?
3. Minister, in your media release dated 12 February 2019 you said that the new Mandorah Marine facilities would be completed by May 2022; however the tender has not been awarded yet. Why have you delayed this project for so long?
4. Since the project was promised, the cost of steel has increased dramatically. Have you budgeted for this cost-blowout?
5. How much have you allocated for the cost blowout of steel?
6. Are you going to factor in any other cost increases?
7. What is the new project timeline for contracts awarded and construction?
