Hello,

I would like to share my strong opposition to this proposed legislation and beg the Scrutiny Committee to recommend to parliament that it is NOT PASSED.

I do not believe that the 'territory coordinator' should EVER have the power to step in and make judgements above and beyond environmental protection agencies, ministers and government department's that are long standing and serve territory communities and peoples.

This is undemocratic and dangerous law making.

Please put an end to this proposed legislation.

Kind regards,

Mimi Catterns
