Hello and thank you for taking the time to read my submission.

I understand that Voluntary Assisted Death is a very sensitive topic for both sides. I can't imagine having to sit and read through all these submissions.

Therefore I will keep this brief. I believe we should invest this money into our Aged Care and Palliative Care Facilities. I have been in many Aged Care Facilities in the Northern Territory and I understand the feeling of hopelessness the residents could feel. The staff are overworked and have limited resources.

I recently lost my mother-in-law to cancer and she was in a beautiful Palliative Care Facility in the US that made her last days comfortable not only for herself but also her family. It was a peaceful time for the family to say goodbye and there were no regrets other than we wish we had more days with her.

I will be praying for you the committee as you make your decision for the future of all Territorians.

Jennifer Bauer
