AGON 7.8

**QUESTION:** From July to December 2025 – QECNT offered to reassess services who have 1 to 2 quality areas working towards partial assessment – re assessment was only offered to some services.  
how many were eligible and how many were rated better after partial reassessment.  
Which services were they and which have no change.

**ANSWER:**

26 early childhood education and care services were offered partial re-assessment between July and December 2025, and all took this offer up. Of the 26, 22 had a change of rating after the re-assessment from Working towards to Meeting, the other 4 services remain Working towards.

A partial reassessment is offered when only one or more specific quality areas need to be reassessed, rather than conducting a full assessment of all seven quality areas.

The table below shows ratings of each service following re-assessment.

Service name	Change	No change
Creative Kids Childcare Howard Springs		Remaining Working Towards
Milestones Early Learning Parap	Working Towards to Meeting	
Milestones Early Learning Wagaman	Working Towards to Meeting	
Alice Springs Child Care Centre	Working Towards to Meeting
