Subject: Utilisation of government owned dwelling in Wadeye for visiting officers

QUESTION

In Wadeye, there is a government house, I will supply the lot number to the Minister over the period before he answers the question, which is not being used full time. It is nominally for visiting government officers. Why is this much needed public house dwelling being used for this purpose and not residents that are needing the houses. Would it not be better for the government to use commercial accommodation available in Wadeye?
