ANSWER:

A list of all schools and the number of teachers, assistant teachers and other staff in May 2012 and May 2013 is included in Attachment A.

In 2012, notional staffing allocations were calculated from enrolment adjusted for attendance, with local input from Principals. In 2013, the methodology was reviewed and notional staffing allocations were derived using average daily student enrolment and attendance, excluding passive enrolments, from Term 1 and Term 2 2012. At the same time, fine-tuning of administrative practices reduced double counting and instances where schools were allocated resources above their entitlement.

Projected 2014 staffing levels are not available as they are dependent on as yet unknown student enrolments.
