

### 2016-2018 Students that did not complete a course at Batchelor Institute

The table below provides course attempts by students where the students has not completed all units successfully in order to be issued with the VET National Qualification.

As the majority of students at Batchelor Institute study part-time most students would not commence and complete a qualification within the same year. These figures are based on course attempts, not students, as a high percentage of students are enrolled in more than one course attempt in the same year, for example a Certificate III qualification plus a First Aid stand-alone unit course.

In relation to "Stand Alone Units" – these are non-award courses that include individual units only, and lead to the issuance of a VET Statement of Attainment.

#### Definitions of Course Attempt Statuses:

DISCONTIN Students that have submitted a Request to withdraw from the course

ENROLLED Students that have commenced or continued a course in either 2016, 2017 or 2017 and are currently enrolled in 2018 in the same qualification.

INACTIVE Students that have commenced or continued a course in either 2016 or 2017 and have not re-enrolled in the same qualification in 2018. (Note they may be undertaking a different course)

LAPSED Students that have commenced or continued a course in either 2016 or 2017 and have not re-enrolled in the same qualification in 2018.

Note that for this student cohort:

- students either did not re-enrol in 2017, hence let their enrolment lapse,
- or were enrolled in a course in either 2016 or 2017 where this course has been replaced by a new course code and students had to transition to the new course code as outlined by the regulator on the relevant course site at [www.training.gov.au](http://www.training.gov.au)

Year	Course Type	Course Attempt Status				Grand Total
		DISCONTIN	ENROLLED	INACTIVE	LAPSED
