**Subject:** Breakdown of additional employees attributable to COVID-19

---

### **QUESTION:**

What additional public sector employees have been attributable to COVID-19 for the reporting period February 2020 to the end of June 2020? Could I have a breakdown of the types of employment attributable to those COVID increases, including: full-time; casual; temp; contract; and part-time?

### **ANSWER:**

NTPS work on the Government response to COVID-19 was extremely broad. Extracting data on the proportion of NTPS output that related directly or indirectly to the pandemic over this period would require significant time and resources.
