

**LEGISLATIVE ASSEMBLY OF THE NORTHERN TERRITORY**

**WRITTEN QUESTION**

**Development of Park on Old Darwin Hospital Site**

Mr Elferink to Treasurer

Minster you told the participants of the meeting you convened on Sunday the 16th of November 2008 that you would put all money raised from the sale of land at the Old Darwin Hospital site back into the park that is to be built there:

1. Will you now describe the methodology you propose to enable people to be able to see how the money from the sale of land goes directly into the development of the park.
  2. Will you announce if taxes such as stamp duties are included in that transfer of money into the development of the site.
