

## LEGISLATIVE ASSEMBLY OF THE NORTHERN TERRITORY

### WRITTEN QUESTION

Mr Vowles to the Minister for Young Territorians:

#### Youth Affairs

1. Please provide a breakdown of staff numbers in the Office of Youth Affairs as at August 26, 2012 compared to the current staff numbers?
2. Please provide a breakdown of all grants issued by the Office of Youth Affairs in financial year 13-14.
3. Please provide a breakdown of all money spent on events and youth organisations by the Office of Youth Affairs in 13-14.
4. Please provide a breakdown of all money budgets for the upcoming financial year 14-15 for grants, organisations and events, as well the total budget for the Office of Youth Affairs.

---

#### ANSWER

1. The Office of Youth Affairs officially transferred from the Office of Children and Families as part of the Administrative Arrangements Orders on 4 September 2012; however, the Department of Chief Minister has data from Pay 10.

Pay 10 – 8 November 2012 – Office of Youth Affairs = 6.5 FTE

Pay 15 – 15 January 2015 – Office of Youth Affairs = 3.93 FTE

This figure is comprised of three full time staff, one 0.6 part time staff member and 0.33 of the Manager, Community Engagement position. Please note, the FTE figure of 6.5 provided for November 2012 was based on staff transferred from DCF to DCM as part of the AAO changes and included both the nominal staff that were on leave and those on temporary contracts.

2. A total of Office of Youth Affairs grants by region is at **Attachment A**. (please see question 3 for a breakdown of all grants by organisation and region).
3. A breakdown of all grants for events is at **Attachment B** and grants by organisation is at **Attachment C**.
4. The 2014-15 budget for youth affairs is \$849 000:

Personnel	\$454 000
Operational	\$185 000
Grants	\$210 000

The reduction from the 2013-14 to 2014-15 financial year is a result of a one-off (-\$40 000) revenue adjustment for Commonwealth funding (National Youth Week), agency identified savings measures from operational funds (-\$50 000) and parameter/inflationary costs of (+\$17 000). Total difference between years is -\$73 000.
