- (c) Where there is a difference between FTE and Headcount (Actual), please provide an explanation for the difference, including any reasons for the use of part-time and casual positions within the overall workforce profile.

Full Time Equivalent (FTE) is the proportion of an employee's salary payment to that of an equivalent full-time employee in any given fortnight.

Paid Headcount = Headcount is the count of physical people, so a part-time person would count as one.

The Northern Territory Government provides opportunities for employees to balance the demands of work with the needs of family and general health and wellbeing. Flexible work practices are used in the Northern Territory Public Service to attract and retain employees. Flexible work arrangements can include flexibility in relation to an employee's hours of work, or mode of employment such as part-time, and leave.

All advertising is booked through the approved Northern Territory Government provider, Atomic 212.
