ANSWER

In response to your Legislative Assembly Written Question 278 – Ex Gratia Payments by Government, information regarding your request is included in the audited section of the Treasurer's Annual Financial Report (TAFR) published each financial year.

Details of ex gratia payments can be found in each year's publication under the TAFR note 'write-offs, postponements, waivers, ex gratia payments and gifts' that sets out the value and number of payments provided in that year and the previous year for comparative purposes. The information held centrally to support the TAFR disclosure does not include location details.
