OLD HOSPITAL SITE SURVEY

Recently the CLP Government released their plans to redevelop the Old Darwin Hospital Site and Flagstaff Park.

The CLP Government has not consulted with any members of the community and I am writing to you to seek your feedback on this plan. My biggest concern is the change from Labor's proposal which was 20% development and 80% parkland to the CLP's ratio of 70% development and 30% parkland.

Our Labor plan recognises the significance of this site to Larrakia traditional owners, the Kahlin Compound and Stolen Generation and old Darwinians like myself who were born at the Old Darwin Hospital.

The centerpiece of Labor's plan would have been a commemorative space for these groups.

I am concerned that the Government ignoring resident's objections to the location of the development space and stripping out parts of the Labor plan, like the main walkways, BBQ and shade areas, water play feature, Active Park and children's play space.

I believe we should be conserving our open space as much as possible as Darwin grows. **The CLP plans show we have a government that is determined to put profits before people.**

Please take the time to fill out the survey overleaf to make sure your voice is heard.
