Dear Sir or Madam

I am writing in relation to the **Pastoral Land Legislation Amendment Bill**.

North Australian Rural Management Consultants (NARMCO) has identified a number of concerns relating to the above amendments Bill.

We understand that it is possible to address these concerns by way of a presentation to the Committee during the Public Hearing. We would like to opportunity to present our concerns to your committee when it holds a public hearing for the Pastoral Land Legislation Amendment Bill.

If you do not intend to hold a public hearing, we would like additional time to submit our concerns in writing.

Can you please advise if a Public Hearing will be held and if so the details of the event.

Yours sincerely

John Jansen
Director
