Answer: Excerpt from the Daily Hansard:
Ms MARTIN: Can I just answer a couple of questions from before? Mr Wood's question for the Ghan service - we paid \$1.2m government money, and in terms of the contingent liability, the \$25m for the rail, it is actually in Budget Paper No 2 and it does not need to be recorded in dollar values in budget papers as it is contingent only, but it is there on page 86.
