

Estimates Committee 2005

Questions Taken On Notice

(23/06/2005 to 01/10/2005)

Date: 05/07/2005 Output: 5.0
Sub Output: 5.1
Subject: Underground Power in Alice Springs

From: Dr Richard Soon Huat LIM to Treasurer
Northern Territory Treasury

2-1

Question: I ask the Treasurer if he could kindly table the full list of works to underground power in Alice Springs, including the costings and the time frame with regard to the closure of the project?

Answer:

Answered On: 08/07/2005

Answer: During the 2005 election, the Labor Government committed to completing the undergrounding of power in Nightcliff, the commencement of undergrounding of power in the suburb of Millner and the placement of undergrounding power in Alice Springs on the program.

No timelines were placed around the commencement of the program in Alice Springs and this will be discussed with the Power Water Corporation.

Government currently provides \$3 million per annum of revenue to this program.
