Mr Edgington to the Minister for Infrastructure, Planning and Logistics:

**Old Health Clinic at Elliot**

1. The Old Health Clinic in Elliot has been vacant and unused for 3-4 years. Can this site and building be repurposed?
2. Why has the old clinic been left unused?
3. Have other agencies been consulted about the potential use of this facility?
4. Does this old facility require any upgrades or could a new tenant move in and repurpose the existing facilities?
5. If Government doesn't intend to use this facility, will it be sold to the private sector?
