At the sittings of the Public Accounts Committee in its *Inquiry into Local Decision Making* in Yirrkala on 27 October 2022, the evidence of a range of organisational representatives included inaccuracies about which the Department of the Chief Minister and Cabinet's East Arnhem Office considers the Committee should be addressed.

Details outlined below do not respond to matters of opinion, but only to matters of fact.

Tabled By: Signed:

Organisation	Speaker	Statement	CM&C comment
Laynhapuy Homelands Aboriginal Corporation (LHAC)	Kerry Legge, CEO LHAC	(Hansard page/s) P 2 – 'the [Djalkiripuyngu LDM] agreement was made in the Laynhapuy homelands with a different organisation – which we are very respectful of – but it was kept secret from Laynha.'	 In 2018, CM&C provided LHAC Directors a briefing on LDM including an offer to further engage of LDM if LHAC was interested. During this initial meeting, Djalkiripuyŋu directors from the LHAC Board invited NTG officials to Baniyala to discuss LDM in more detail. In 2018, when the high level Djalkiripuyŋu LDM Statement of Commitment to commence negotiations on an LDM Agreement was signed, LHAC Directors and the then CEO were present and discussion held about ways to work together on the LDM process. The Djalkiripuyŋu LDM Statement of Commitment was also published on the NTG LDM website for transparency. There was one LDM Housing and Infrastructure meeting in Baniyala in January 2019 where LHAC was not invited to attend as Djalkiripuyŋu leaders specifically requested to engage with the responsible NT Government agency to discuss concerns about service delivery and understand ke accountabilities to more effectively engage with LHAC as the service provider for the Djalkiripuyŋu homelands. Following on from the January 2019 meeting, in Feb 2019, CM&C's Regional Executive Director met with the former CEO of LHAC and provided a detailed briefing on the Djalkiripuyŋu LDM negotiation process, shared the Djalkiripuyŋu concerns about housing and essential services and invited LHAC participation in the development of the LDM Agreement. This offer was not taken u In August 2019, CM&C's Regional Executive Director and Djalkiripuyŋu leaders were invited to brief the LHAC organised Wäŋa Wataŋu (Land Owners) meeting at Dhalipbuy homeland. A detailed briefing on the LDM negotiations was provided to these leaders with the former LHAC CEO present. Further conversations were held between Djalkiripuyŋu leaders and then LHAC CEO with a further invitation to engage on the Djalkiripuyŋu LDM Agreement development process, including an offer to partner more formally. This offer was not taken up. Through 2020 and 2021, there were extended delays in the drafting a
GISLATIVE ASSEMBLY OF THE NT TABLED DOCUMENTS			Agreement due to COVID-19. The LDM Agreement was subsequently negotiated and drafted in the last quarter of 2021.

	P 4-5 – Since the last meeting there has been 'silence since August'	 In December 2021, CM&C sought Djalkiripuyŋu leader agreement to share the draft agreement with LHAC which was endorsed. At the time the Agreement was classified as 'In Confidence' as it was proposed to be part a formal government decision making process in January 2022. LHAC expressed concerns about some aspects of the draft Agreement and meetings were held and correspondence provided to address those concerns. In March 2022, the Agreement was also redrafted to accommodate LHAC joining the agreement as a Foundation Partner which was requested by Djalkiripuyŋu leaders and LHAC. In April 2022, at a meeting of LHAC Directors and Djalkiripuyŋu leaders, CM&C and the Minister for Treaty and Local Decision Making, Laynhapuy and Djalkiripuyŋu leaders agreed to progress the Djalkiripuyŋu LDM Agreement with LHAC as a foundation partner to the Agreement. The Agreement underwent further minor amendment through to May 2023, with LHAC confirming its agreement to the final draft in late May 2022. LHAC signed the Agreement, along with Djalkiripuyŋu leaders and Djalkiripuyŋu Aboriginal Corporation in on 30 July 2022. Evidence of the various meetings and correspondence can be provided on request. On 24 August 2022, a meeting was held between representatives of LHAC, ARDS Aboriginal Corporation, Yothu Yindi Foundation and CM&C to discuss the approach to the agreed overarching LDM agreement making process in Laynhapuy Homelands. The Chairperson of LHAC invited the representatives in attendance to join the LHAC board at its next meeting, 6 days later in the homeland of Dhalinybuy. It was agreed that all representatives would consider what was possible at short notice, but that if it was not possible for any one of the organisations represented to attend, then none would, and instead, the Chairperson and LHAC would arrange a dedicated meeting at a future time to be agreed in the homeland of Bukudal. Although ARDS and
		board's Dhalinybuy meeting, CM&C has otherwise been awaiting an invitation and confirmation for

			1993 (Cth) and to improve regional governance and economic development opportunities. The need for an entity with the functions of a PBC was entirely separate from LDM discussions. CM&C did not have a role in the Djalkiripuyngu leaders' decision to include broader objects of the Corporation to include such opportunities as LDM.
YNA	Shannon Voss	P 11 – 'We have been involved in some of the local decision making meetings in Gove, but not many, sadly.'	YNA received an invitation to be a member of the Yolngu Region LDM Partnership, and advised that rather than become a member, it would prefer to have 'observer' status. As a result of that status, YNAC received invitations to all Partnership Working Group meetings and workshops see dates below) and were copied on all correspondence to the Working Group. However, YNAC did not regularly attend meetings.
YNA	Shannon Voss	P 13 – 'In the engagement I have had with local decision making here, something I see as quiet a major challenge is we have non-Yolngu speaking facilitators. We have people facilitating this who have never spent time in an Aboriginal community in Australia, let alone Arnhem Land.	At the direction of the Yolngu Region LDM Partnership Working Group, members of the cross-cultural facilitation team not only have competencies in Yolngu matha, but the majority are Yolngu. Since early 2021 in particular, the core facilitation team for sub-regional engagements has comprised senior Yolngu representatives from: • ARDS – Gawura Wanambi • CM&C – Waka Mununggurr • NIAA – Norman Daymirringu Significant components of Working Group meetings were conducted in Yolngu matha. Where required, components of Working Group meetings required all non-Yolngu members to leave the meeting and allow key decisions about how LDM processes in the region would move forward to be made by Yolngu. CM&C is not aware of the specific CM&C arranged LDM engagements where language speaking cultural facilitators were not used however would welcome advice of any specific incidences of concern.
ARDS	Gawura Wanambi	P 26 – 'I think that is where the government saw and recognised	Decision making regarding the engagement of ARDS Aboriginal Corporation in a role to facilitate LDM processes and opportunities for agreement making were through the Yolngu-led Working Group of the Yolngu Region LDM Partnership Commitment.

Dale Keehne EARC Dale Keehne Dale Keehne Dale Keehne A range of engagements and meetings have been scheduled for LDM in the Yolngu region. The volution and various purposes of meetings, essentially. That was the plan.' Pagements of the (Yolngu-led) Yolngu Region LDM Partnership Commitment, which was developed and refined over a series of meetings. Due to COVID-19, the initial concept for a whole of region workshop did not proceed as planned in March-April 2020. 11 August 2020 — Working Group suggested that in light of ongoing COVID-19 risks, ARDS prepare a proposal for sub-regional workshops to progress LDM discussions 12 November 2020 — In a Yolngu only component of a Working Group meeting, it was decided to approve ARDS' proposal for a facilitation approach to sub-regional LDM workshops. Minutes of relevant meetings can be provided as further supporting evidence if required by the Committee. A range of engagements and meetings have been scheduled for LDM in the Yolngu region. The evidencing that there have been many more than two meetings, we note details below. - 12 November 2020
- 11 February 2021
- 23 April 2021

[Partnership Commitment lapsed in May 2021; correspondence from Minister for Treaty and Local Decision Making sent to members about next steps in the Yolngu region (a copy of that correspondence is included with this document)]

Workshops for the purpose of initial phases of agreement negotiation

- 30 March 3 April 2020 Whole of region workshop (postponed in early March due to COVID risks)
- 1-5 March 2021 Miyarrka sub-region workshop (first three days Yolngu only)
- 20-21 May 2021 Gattjirrk sub-region workshop (Yolngu only)
- 27 May 2021 Birr Rawarrang sub-region workshop (Yolngu only)

Minutes of relevant meetings and workshop reports can be provided as further supporting evidence if required by the Committee.

Following advice from the facilitation team about more effective engagement happening through smaller discussions with clan leaders and through a more developmental approach to agreement making, those were prioritised over larger sub-regional meetings and conducted through a mix of in person visits and phone calls by a Yolngu facilitation team made up of members from ARDS Aboriginal Corporation (leading the engagements), CM&C and NIAA. This work continued with timing of engagements negotiated directly with leaders throughout 2021 and 2022, subject to COVID-19 restrictions and availability of leaders.
