

LEGISLATIVE ASSEMBLY OF THE NORTHERN TERRITORY

WRITTEN QUESTION

Ms Purick to the Minister for Renewables and Essential Services:

Bore Water Extraction

1. Could you advise what is the depth and pumping capacity of the following Power and Water Corporation managed Government bores in the Girraween/McMinns bore field?
 - a. M54
 - b. M55
 - c. M62
 - d. M64

2. Could you advise what is the licence limit for each bore?
 - a. M54
 - b. M55
 - c. M62
 - d. M64

3. Could you advise how much water was extracted from each bore for the years 2016, 2017 and 2018 January to June?

4. Could you advise if the Power and Water Corporation intends to seek an increase in the licences for the Girraween/McMinn bores and if so, to what extraction level and for which bores?

5. Could you advise what impact any increase of the licence level would have on the Howard River East Aquifer?
