The Legislation Scrutiny Committee  
Legislative Assembly of the Northern Territory

**RE : Firearms Legislation Amendment Bill 2020**

We refer to your request for submissions in relation to the above with specific reference issues of :

- a) whether the Assembly should pass the Bill
- b) whether the Assembly should amend the Bill
- c) whether the Bill has sufficient regard to the rights and liberties of individuals
- d) whether the Bill has sufficient regard to the institution of Parliament.

We are pleased to advise that the Northern Territory Firearms Council has examined the draft legislation and its explanatory memorandum. Having regard as well to the above four points the Northern Territory Firearms Council supports the legislation as proposed without suggesting amendments thereto. We are of the opinion as well that the proposed legislation ticks boxes c) & d) above and that its effect will enhance the amenity of licenced Northern Territory shooters and sufficiently & adequately safeguard the wider community in its operation.

Yours Sincerely

5 March 2020
