

LEGISLATIVE ASSEMBLY OF THE NORTHERN TERRITORY

WRITTEN QUESTION

Dr Lim

to Minister for Infrastructure and Transport

\$30 Million Fix-Up for Alice Springs Hospital

Kindly advise how the Northern Territory Government is overseeing the company that is undertaking and ensuring quality control of the remediation work at the Alice Springs Hospital since these works commenced.

ANSWER

The Department of Planning and Infrastructure is overseeing the rectification works and a number of expert consultants have been engaged to advise on the works being undertaken. A Building Certifier has also been engaged to monitor the documentation and the works for compliance and consistency with the relevant Building Codes.
