**WRITTEN QUESTION**

Mr Vowles to the Minister for Health:

**Aged Care**

1. Please provide details for 2012-13 and 2013-14 of the number of aged care patients cared for in NT hospitals, by hospital, because of the lack of aged care beds in other non-hospital aged care facilities, including the number and age of patients and the number of patients resident in NT hospitals for more than six months, one year and two years.
