

LEGISLATIVE ASSEMBLY OF THE NORTHERN TERRITORY

WRITTEN QUESTION

Mr Vowles to the Minister for Alcohol Policy:

Alcohol Policy, Gambling and Licensing Services

1. Please list all completed alcohol management plans and the expected date of finalisation of outstanding plans.

AMPs where the community has signed off at the local level or where an AMP is being managed

- Notes:
- a number of these are now in the process of redevelopment. AMPs are not static; they involve an ongoing process of development, implementation and redevelopment.
 - (SFNT) refers to AMPs being developed under the *Stronger Futures in the Northern Territory Act* (Cth) processes.
 - (NTG) refers to AMPs under NT Government AMP development processes.

- Pirlangimpi (SFNT)
- Milikapiti (SFNT)
- Wurrimiyanga (SFNT)
- Wurrankuw (SFNT)
- Gunbalanya (SFNT)
- Maningrida (SFNT)
- Palmerston (NTG)
- Jabiru/Kakadu (NTG)
- Nhulunbuy/East Arnhem (NTG)
- Groote Eylandt (NTG)
- Katherine (NTG)
- Binjari (SFNT)
- Wugularr (Beswick) (SFNT)
- Manyallauk (SFNT)
- Barunga (SFNT)
- Jilkminggan (SFNT)
- Borrooloola (SFNT)
- Tennant Creek (NTG)
- Elliott (SFNT)
- Ali Curung (SFNT)
- Alice Springs (NTG)
- Mount Nancy (SFNT)
- Titjikala (SFNT)
- Laramba (SFNT)

AMPs where the Australian Government Minister has approved an AMP

AMPs under the *Stronger Futures in the Northern Territory Act* – in alcohol protected areas only i.e. remote communities and town camps.

- Titjikala

Note: cannot estimate dates for others as this process is highly dependent on the Australian Government Minister's consideration.

Other AMPs currently being developed and expected date when the community will have signed off on their AMP

Note: AMPs usually take between six months (at very earliest) to approx. 12 months to develop – subject to community readiness factors.

- Belyuen - estimated June 2015
- Ngukurr – estimated May 2015
- Kalkaringi and or Lajamanu – estimated November 2015*/ date hard to determine (still determining whether develop as two separate AMPs and timing or develop as cluster of communities in area)
- Yirrkala estimated September/October 2014
- Gunyangara – estimated July 2015
- Ntaria – estimated May 2015
- Alice Springs Town Camps (pre-AMP research consultation project. Decision yet to evolve out of this process on the way forward regarding an AMP, e.g. some strategies will link to Alice Springs AMP, some Town camp-wide or specific) – no estimated date as such.

AMPs on Hold

The two below have been on hold for a long period of time due to community readiness and are unlikely to commence redevelopment in the foreseeable future.

- Amungoona
- Kybrook Farm

Notes

Explanations and Assumptions

- Key completion date is when communities have signed off and agreed on their AMP at a community level.
- Those AMPs that are being developed under the *Stronger Futures in the Northern Territory Act* (Cth) include an additional step as outlined in that Act, i.e. consideration for approval of an AMP by the Australian Government Minister for Indigenous Affairs based on meeting the AMP Minimum Standards (passed through Parliament in February 2013) and other considerations.

2. What is the proportion of Commonwealth and Territory government funding for the Alcohol Policy portfolio area in each of 2011-12, 2012-13, 2013-14 and 2014-15?

	2013-14	2014-15
NT Funding	\$1,250,000	\$ 825,000
Commonwealth Funding	\$2,281,000	\$2,825,000
Total	\$3,531,000	\$3,650,000

This portfolio was transferred to the Department of Business during 2013-14. The agency does not have the historical data to provide the details for prior years.

3. Please provide a breakdown of who received community benefit fund grants in 2013-14 and how much they received.

Community Benefit Fund grants paid between 1 July 2013 and 31 March 2014.

2012-13 Small Grants paid in 2013-14
