**Question Number:** 2-18

**Output Number:** 2-1

**Date:** 16 June 2021

**From:** Mr Bill Yan

**To:** Hon Natasha Fyles MLA

**Portfolio:** Minister for Health

**Agency:** Department of Health

**Subject:** Environmental health incidents not resolved

---

### QUESTION:

What were the 15% of environmental health incidents not resolved within three months?

### ANSWER:

At 30 June 2021 there were four environmental health incidents unresolved within three months, representing 8% of total incidents identified. These incidents were National Food Incidents which were under investigation by the Binational Food Safety Network. The investigations related to:

- Multijurisdictional outbreak *Salmonella Saintpaul*
- Multijurisdictional outbreak *Salmonella Typhimurium*
- Hydroxicut Hard-core Next Gen Product
- Bang Energy Shot
