Answered On: 19/07/2012

ESTIMATES COMMITTEE

Question Taken on Notice

Date: 19 June 2012

Output: Environment and Heritage
Sub Output: Environment and
Sustainability

Subject:

From: Minister Hampton

To: Member for Brennan

Department: Natural Resources, Environment, the Arts and Sport

Number: 7.09

Question: What is the tonnage of recyclable material, covered under the Cash for Containers legislation that went to land fill prior to the implementation of the legislation?

What is the tonnage now?

Answer:

No complete data exists on the tonnage of recyclable beverage containers that are disposed of in landfill before the Cash for Containers scheme commenced.

In the first quarter of the Cash for Containers schemes operation CDS Coordinators reported 584.71 tonnes of CDS material that was being recycled and not going to landfill.
