Question: **4-1**
Please advise the number of apprentice and trainee commencements during 2000-2006 and the number, or percentage, who completed their training/apprenticeship in that period,

Answer:
Answered On: 27/06/2007
Answer: During 2000-2006, there were 13 249 commencements and 6726 completions, yielding a 50.7% completion rate. The percentage completion rate does not take into account apprentices and trainees who commenced training within this time period and are still in training.
