

**ESTIMATES COMMITTEE**  
**Question Taken on Notice**

**Question Number:** 8-5

**Output Number:** 2-2

**Date:** 22/06/2022

**From:** Mr Bill Yan

**To:** Hon Selena Uibo

**Portfolio:** Housing & Homelands

**Agency:** Territory Families, Housing and Communities

**Subject:** Number of people housed in dwellings by region

---

**QUESTION**

Of the 5,909 houses, could you advise how many people are housed in those dwellings by region?

**ANSWER**

Total occupants in Urban Public Housing as at 31 March 2022 by region:

Region	Darwin Region (including Palmerston)	Big Rivers	Arnhem	Barkly	Alice Springs	NT Wide
Number of Occupants	10,493	1,460	122	549	2,593	15,209

*Note: Dependants can be allocated to one or more tenancy groups due to child custody issues. In addition, transferred tenancies will appear in two dwellings. If recorded in different regions the clients will be counted in each region. Therefore, regional counts do not add up to the overall Northern Territory count which provides the distinct number of clients living in Urban Public Housing.*
