### QUESTION

How many adult offenders were charged with breach of bail?

### ANSWER:

Any data prior to 26 November 2023, (prior to SerPro) is contained within IJIS and needs to be sourced from AGD.

Adults charged with any breach of bail offence	2023	2024		
	December	January	February	March
Adults	138	163	177	177

- Source of data: SerPRO
- Counts should not be summed together, as the same individual may be charged in more than one month. Adults are counted once in each period in which they were charged with a breach of bail offence.
