**Question:** I will read it word for word. Minister, could you please advise on the following: from the 2008/09 departmental report it was stated “provided \$841 519.72 in Indigenous small business development grants to 54 start-up Indigenous businesses across the Northern Territory.’ How many of those businesses funded over the life of the program are still active? And can I just add to that question on notice, which I am sure will follow up? I would like to know how many Indigenous employees within those businesses are still active if that is okay.
