Response presented	23 June 2011

#### **Petition**

TO THE HONOURABLE THE SPEAKER AND MEMBERS OF THE LEGISLATIVE ASSEMBLY OF THE NORTHERN TERRITORY

WE THE UNDERSIGNED RESPECTFULLY SHOWETH that we are stongly concerned by the NT Government's application to amend the NT Planning Scheme by rezoning Sections 325, 324 and part of Section 4558 Hundred of Strangways on Gulnare Road Bees Creek from zone Future Development to zone Rural Living and zone Conservation to facilitate the development of 5 acre blocks. The parcels of land are completely unsuitable for small acre development as the soils are water logged from moderate to extreme for extended for periods and because the land is valuable conservation and recreational area. Moreover, the parcels of land potentially may suffer from salt water intrusion and are located in the midge zone.

YOUR PETITIONERS THEREFORE HUMBLY PRAY that the Northern Territory Government does not proceed with this application and proposed development and that immediately embarks on consultations with residents, the community and the Litchfield Council as to the re-zoning to either organisational recreation or public open spaces.

AND YOUR PETITIONERS, AS IN DUTY BOUND, WILL EVER PRAY

#### **Response**

The application has been withdrawn and is not being considered any further. Everyone that made submissions on this proposal have been notified.
