

LEGISLATIVE ASSEMBLY OF THE NORTHERN TERRITORY

WRITTEN QUESTION

Mr Higgins to the Chief Minister:

Appropriation Bill – Department of the Chief Minister

Please provide copies of:

- All questions, which have been received from the public in relation to the Estimates process and consideration of the Appropriation Bill for the 2017/18 financial year; and
- The answers to those questions that were presented to the Estimates Committee.

Please provide the information requested below for Agencies and Government authorities for which you have responsibility, as at 31 March 2017.

DEPARTMENT OF THE CHIEF MINISTER

Please accept apologies if questions are not under the correct Output. Where this is the case, it would be appreciated if you could indicate the appropriate Output in your response. Thank You.

OUTPUT GROUP: ADVICE AND COORDINATION

OUTPUT: STRATEGIC POLICY COORDINATION AND ENGAGEMENT

1. Please explain what this Output includes in terms of functions.
2. How was the funding allocation for this output determined? Please explain the outcomes that can be expected.
3. With such a large debt, the government's advice to CEOs to find savings and the reduction in overall staffing in the Department of Chief Minister, why is it necessary to have two ECO5 positions at an annual minimum remuneration package each of \$307,000?

Royal Commission

1. What is the projected NT government expenditure for the Royal Commission into the Protection and Detention of Children in the Northern Territory and how does this differ from the original budget allocation?
2. What has the increase in costs included?

3. When will the Royal Commission's findings be handed down and how does this timetable differ from when the Royal Commission was announced?
4. Why has the timeline blown out?
5. What proposals have been anticipated in line with the hearings to date and what funding proposals have been submitted to the Commonwealth Government?

Fracking

1. Please advise if a decision after receipt of the interim report from the Hydraulic Fracturing Inquiry will be made. If not, why not?

Capital Cities Agenda

1. What is included in the Capital Cities agenda and what specifically does it cover?
2. Please provide copies of submissions made to the Commonwealth Government.
3. In relation to the Capital Cities agenda what submissions have been made by the Darwin City and Alice Springs Councils and how do these relate to NT Government submissions?

Building Better Region's Fund

1. What submissions have been made to the Commonwealth Government's Building Better Region's Fund and please provide copies of the submissions.

50% Renewable Energy by 2030

1. Please outline the methodology utilised in arriving at a 50% renewable energy target by 2030.
2. What impact will a 50% renewable target have on the Territory economy? What modelling or research has been done to this end? Please provide a copy.
3. Why is the Minister spending \$700 000 minimum on an additional report at a time when Territory families are tightening their belts and experiencing a massive blow out in debt and interest payments?

Strategic Partnership Agreement

A MOU was signed between SA Premier Dean Brown and NT Chief Minister Shane Stone in Alice Springs on June 15, 1995. The signing of a joint strategic agreement between the Northern Territory and South Australia governments in May 2017 replaces the five year Memorandum of Understanding signed between SA Premier Jay Weatherill and former Chief Minister Adam Giles in Canberra on April 17, 2015 – just over two years ago.

1. Why was it necessary to throw this 2015 MOU out and replace it with a Strategic Partnership Agreement that seems to be more about style rather than substance?
2. What is the cost of the new website, the new logo and the marketing material to support the stated 'unprecedented and historic agreement'?

OUTPUT: REGIONAL COORDINATION AND ABORIGINAL AFFAIRS

Indigenous Employment

1. In the Labor Party's Northern Territory Jobs Plan, there is reference to an Indigenous Innovation Project. What specifically will this be, and how much it will cost?

Regional Coordination and Aboriginal Affairs

1. What is the cost of the Aboriginal Affairs Unit and how many staff does it comprise?
2. Is it correct that the level of the position of Executive Director Aboriginal Affairs and its importance has been downgraded from ECO3 to ECO2?
3. The Kenbi Land Claim was finalised in the term of the last government. A whole of government Working Group was established to oversee the implementation. Please advise what expenditure and staffing has been allocated to this and what is the action underway and proposed.
4. What are the specific items associated with the settlement and what is the cost of each?
5. How many outstanding Aboriginal land claims are there? What are they and what are the plans and timetables for their resolution?
6. How many staff are engaged in the process of settlement of these claims including the number of Indigenous employees?
7. How many meetings has the Aboriginal Affairs unit conducted with Land Councils and how many Indigenous staff are involved in these meetings?

8. What action has been undertaken since the Economic Development workshop held at Lake Bennet that included traditional owners and key stakeholders of the Wadeye community, the largest Aboriginal community in the Northern Territory?
9. What process was put in place to engage with Aboriginal communities including the largest communities such as Wadeye, Maningrida, Galuwinku in the Economic Development Summit process?
10. How many staff are engaged by the department in regional centres?
11. What are the specific staffing numbers, location and cost for each regional centre? Please provide a copy of each location's plans.
12. What are the numbers of Indigenous staff in each location?
13. The previous government committed additional resources and effort including CEOs as Community Champions of regional areas. How many Community Champions are there now and in what communities?
14. Is it correct that there is no longer a budget provision for this? Why is this the case?

OUTPUT GROUP: GOVERNMENT BUSINESS SUPPORT

OUTPUT: SUPPORT TO MINISTERS AND LEADER OF THE OPPOSITION

Ministerial Expenses

1. Please provide a full breakdown of all ministerial office expenditure since 1 September 2016.
2. Is it true that Union Liaison Officers have been employed in the Office of the Chief Minister?
3. Please explain why the government considers it appropriate for tax-payers to pay for Union Liaison Officers?
4. Please provide a full breakdown of Ministerial Intrastate, Interstate and International travel, including names of all travellers (Minister, spouse, nominee, staff and persons external to Government), accommodation, travel allowance, entertainment, car rental, meals and incidentals.
5. Please provide a full breakdown of charter travel, across Intrastate, Interstate and International travel categories, including names of all travellers (Minister, spouse, nominee, staff and persons external to Government), and details of all costs against each traveller, ie the cost of the charter, accommodation, travel allowance, entertainment, car rental, meals and incidentals.

Note: Some of the information being requested in 4 and 5 above was provided in response to the Agency Administration questions received on 9 June 2017, but not all.

Trade Delegation to China

1. Why was it necessary for 13 public servants to travel to Japan, Korea and China in October and November 2016?

Germany and Netherlands Overseas Travel

1. Please explain how meetings in Europe contributed to the achievement of the ship lift facility which was the recorded purpose of the travel.

OUTPUT: GOVERNMENT SERVICES

Communications and Marketing

1. Detail the operations and outcomes of the Strategic Communications and Engagement Unit as compared with the previous Communication and Marketing Bureau. Please include:
 - a. The number of staff
 - b. Salaries and operational costs
 - c. The funding component covered by intra-sector transfers
2. What marketing and public relations functions have been transferred to agencies?

OUTPUT GROUP: CORPORATE AND GOVERNANCE

OUTPUT: CORPORATE AND GOVERNANCE

Staffing

1. How many Full Time Equivalents are currently employed within this Agency, broken down by Output and Business Unit?
2. How many Full Time Equivalents have resigned, retired, taken a redundancy package or have been made redundant, or terminated? Please break down these numbers by Output and Business Unit?
3. What has happened to these positions? Has the work been reallocated to existing staff?
4. Are there any plans to fill these positions in the near future?
5. Please advise the amount of travel allowance per trip and for what duration that has been paid to the Member for Barkly in his capacity as a Minister for travel to Darwin from 1 July 2009 to 31 March 2017.
6. Please advise whether a copy of a lease agreement from the Member for Barkly for accommodation used whilst he is on official business as a Minister in Darwin has been received.

7. If the answer to question 6 is yes, please advise what the address is, the terms of the lease agreement and when the original or copy of this agreement was provided.

Procurement

1. Please provide the reasons why the following tenders were awarded interstate and secondly why they were done by select tender?
 - a. Development of an Early Childhood Development Plan to a Victorian Company at a cost of \$126 584;
 - b. Review of Aboriginal Engagement with the NT justice System to a NSW Company at a cost of \$18 409.

Travel

1. How is the practice of combining private and official travel properly assessed and administered under Section 5.1.6.1 of the NTG Travel Policy?
 2. Would a different view be taken to a one off trip of this nature compared to a pattern of similar trip requests?
 3. Please advise if mini-bar expenses are in fact allowed when used for the sole purpose of refreshments, not for official hospitality and not for bottled or canned water in countries where tap water is not drinkable.

Answer

OUTPUT GROUP: ADVICE AND COORDINATION

OUTPUT: STRATEGIC POLICY COORDINATION AND ENGAGEMENT

1.
 - Social Policy Coordination (SPC) is responsible for:
 - the provision of social policy advice to the Chief Minister and the Minister for Children;
 - administration of the Community Support Grants program;
 - NT Government - non-government organisation (NTG-NGO) Partnership Reform;
 - administration of the Wet Weather Respite Response;
 - coordination of the NTG-NGO Partnership Group;
 - administration of a number of peak-body and NGO funding agreements;
 - Strategic Children's Policy Coordination including the development of the NT Early Childhood Development Strategic Plan;
 - leading or partnering whole-of-government and whole-of-sector social policy reform and improvements.

- Royal Commissions and Inquiries (RCI) – The unit is responsible for the provision of high level advice, analysis and whole-of-government policy coordination on a broad range of local and national public policy matters which impact the Northern Territory, in particular those arising from Royal Commissions, other inquiries and reviews.
 - Economic and Environment Policy (EEP)
 - Provide strategic advice across a wide range of public policy issues to the Chief Minister and Cabinet.
 - Work with relevant agencies and stakeholders to develop, guide and implement priority strategies and initiatives.
 - Lead the development and implementation of policies, strategies and projects that drive diversity, productivity, development and participation in the Territory economy.
 - Identify, promote and facilitate the delivery of strategic infrastructure and investment to achieve sustained economic development and productivity.
 - Federal Policy and Strategic Coordination (FPSC)
 - facilitate, negotiate and monitor the Northern Territory's participation and input into national and international agreements, reviews and inquiries;
 - coordinate, facilitate and monitor the Northern Territory's performance through national reporting frameworks, including the Report on Government Services, Productivity Commission and national reports; and
 - provide strategic advice across a wide range of public policy issues to the Chief Minister and Cabinet;
2. Funding was allocated based on the number of FTE in the relevant business units and the expected operational costs for the financial year. The following outlines the expected outcomes for the financial year.
- NT Early Childhood Development Strategic Plan (10 years).
 - NTG-NGO Partnership Reform including streamlined funding arrangements; expansion of five-year funding agreements; development of a social outcomes framework; and the identification of alternative and innovative funding sources for the social services sector.
 - Sound and timely advice to the Cabinet, the Chief Minister and the Minister for Children.
 - Lead the establishment of the Office of the Independent Commissioner Against Corruption.
 - Support the Independent Inquiry into Political Donations in the Northern Territory.
 - Provide whole-of-government support and coordination of the response to the findings and recommendations of the Royal Commission into Institutional Child Sexual Abuse and the Royal Commission into the Protection and Detention of Children in the Northern Territory.

- Support and coordinate the Northern Territory's participation in the Council of Australian Governments and Council for the Australian Federation meetings.
 - Supporting the Roadmap to Renewables Independent Panel Review. DCM is also responsible for coordinating the whole-of-government response to the Review and will develop an implementation plan to deliver on the response.
3. The Department of the Chief Minister (DCM) supports both the Government and agencies to deliver the Government's priorities. DCM has a budget that is approved by the Government and it is up to each Chief Executive Officer (CEO) to determine the level and number of FTE that can be supported by that Budget. Given the breadth of issues that DCM is required to deliver; support; and provide advice on; and the large number of substantial reforms being undertaken both across Government and within DCM, it is critical that DCM has a high performing executive team that is capable of delivering on the Government's expectations.

Royal Commission

1. The cost of the Royal Commission is estimated at \$53.56 million. The Northern Territory and Commonwealth governments have agreed to each contributing 50% of the estimated cost.
2. The estimated cost is for the Commonwealth's Office of the Royal Commission and includes expenses such as salaries of the Commissioners and office staff, IT expenses, legal expenses for Counsel Assisting and the Solicitor Assisting the Royal Commission, office equipment and fitouts, and property expenses.
3. The amended Letters Patent require the Royal Commission to:
 - submit an interim report of the results of its inquiry and any recommendations to the Governor-General by 31 March 2017; and
 - submit a final report of the results of its inquiry and any recommendations by 30 September 2017; revised from 1 August 2017.
4. The Royal Commission was originally required to deliver its final report on 31 March 2017. The Royal Commissioners subsequently requested two extensions to the original 31 March 2017 reporting date:
 - 1 August 2017, with an interim report to be provided on 31 March 2017; and
 - 30 September 2017 for the final report.
5. No recommendations or findings were made by the Royal Commission in its interim report.

Fracking

1. The independent Scientific Inquiry into Hydraulic Fracturing of Onshore Unconventional Reservoirs released its Interim Report on 14 July 2017.

The Interim Report details the work undertaken by the Inquiry to date including information gathered from public hearings, submissions from the community, consultation activities and preliminary research conducted by the Inquiry.

The Inquiry has stated it will release a draft Final Report later this year and then a Final Report by year's end, which Government will then consider.

Capital Cities Agenda

1. City Deals are agreements between the Commonwealth, state and territory and local governments to coordinate the development of policies to improve planning, investment and reforms to achieve productive and liveable cities.

The NT Government has signed a Memorandum of Understanding with the Commonwealth Government, and is working with the City of Darwin and Charles Darwin University as key partners to co-design a 10 year vision for a visually attractive, liveable and productive Darwin city centre.

The development of a Darwin City Deal provides the opportunity to bring together all levels of government, the private sector and the community, in a coordinated approach to build a unique and vibrant City Centre.

It is anticipated that the package will be made up of a number of projects aimed at creating a transformed CBD and sense of place for Darwin. The process for developing a package for negotiation with partners and investors is underway. The Government has committed \$100 million towards the City Deal initiative.

3. Nil.

Building Better Region's Fund

1. The Building Better Region's Fund is a Commonwealth funding program and all submissions would go to the Commonwealth. The NT Government is not eligible to apply to this fund.

50% Renewable Energy by 2030

1. The renewable energy target is the policy of the Government. It aligns with policies adopted in other jurisdictions in relation to renewable energy. It is judged that the target and the trajectory towards it are necessary for growing our economy, generating jobs for Territorians, providing savings for consumers and reducing carbon emissions.
2. Assessment has yet to be made on the impact of the renewable energy target on the Territory economy.

3. The Report meets an election commitment made in the lead up to the August 2016 General Election.

Strategic Partnership Agreement

1. The new strategic partnership raises the level of ambition for our bilateral relationship with South Australia, and goes beyond traditional inter-jurisdictional cooperation.

Our governments have agreed to focus on a smaller set of mutual priorities with specific objectives and actions to deliver tangible outcomes; as opposed to collaboration on a wide range of issues previously pursued under the auspices of the MoU.

The partnership approach has also been specifically designed to facilitate joint investment, collective advocacy, and give both jurisdictions greater flexibility to meet the specific needs of communities, and advance place-based outcomes and local decision-making.

Key activities to be pursued in 2017-18 include, critical road infrastructure upgrades; developing an international engagement, trade and investment action plan; improving the connectivity of the Stuart Highway as a tourism corridor; joint action on early childhood education to support our most vulnerable and disadvantaged children; and identifying opportunities to create high quality disability services, regional jobs and business opportunities through the rollout of the National Disability Insurance Scheme.

2. The breakdown of costs which includes joint contribution from the South Australian and Northern Territory governments :
 - Website – There was no cost for the development of the website as this was undertaken internally within the NT Department of Corporate and Information Services. The monthly hosting fee for the website is approx. \$220 (GST inclusive).
 - Logo – Mojo Collective \$1848 (GST inclusive), including the development of the Strategic Partnership Concept, logo and other material for letter heads etc. SA Department of Premier and Cabinet for design and development of marketing materials \$1716 (GST inclusive).
 - Marketing material – The Exhibitionist for creation of 1500mm pull up banner, \$1122 (GST inclusive)

OUTPUT: REGIONAL COORDINATION AND ABORIGINAL AFFAIRS

Indigenous Employment

1. See attached policy paper (**Attachment A**).

Regional Coordination and Aboriginal Affairs

1. Total expenditure from 1 July 2016 to 31 March 2017 for the Office of Aboriginal Affairs is \$2.2 million and as at March 2017 had 11.3 FTE.

2. The position is currently an ECO2 and is in the process of being evaluated as per requirements under PSEMA.
3. The costs for the whole-of-government Working Group that supports the implementation of the Kenbi Framework Deed between the NT Government and the Northern Land Council are met from within existing agency funding arrangements. The Working Group provides coordination support in relation to implementing key aspects of the Kenbi Framework Deed including the perpetual Open Areas Gazettal to secure permit free access to the beaches of the Cox Peninsula, managing mining interests and squatters in Northern Territory road corridors and ensuring the necessary preconditions are in place to allow the transfer of the areas to become freehold to Larrakia Development Corporation and the Kenbi Land Trust (i.e. Indigenous Land Use Agreements registration, remediation completed and *Kenbi Land Trust Act* commenced and Regulations in place).
4. Of the 65 000 hectares of land on the Cox Peninsula that was subject to Aboriginal land claims, agreement was reached to resolve the claims in the following way:
 - 52 000 hectares has been granted as Aboriginal land to the Kenbi Aboriginal Land Trust.
 - 13 000 hectares will be granted as Northern Territory freehold with one fifth of this going to Larrakia Development Corporation and the remainder to the Kenbi Land Trust.
 - To secure perpetual, permit free access to the intertidal zone and beaches of the area to become Aboriginal land on the Cox Peninsula, the following was accepted as compensation:
 - grant of title to Karu Park (Crown Lease Perpetuity) to Larrakia Development Corporation at no cost to use as a public park; and
 - grant of a 3.03ha industrial lot at East Arm to Larrakia Development Corporation (capital value of \$6.06 million) for development. This land has been granted as Territory freehold.
 - Incentivised procurement provisions which involve the NT Government providing preference in development proposal assessments to proponents who propose to partner with Aboriginal organisations for the development of Crown land in the Darwin area.
 - the opportunity for Larrakia Development Corporation to partner in the development of Farrar West which incorporates an estimated 220 lots.

5. There are currently 42 outstanding Aboriginal land claims in the Northern Territory. At present, the NT Government is prioritising the resolution of the 23 outstanding beds and banks of rivers and intertidal zone land claims (DCM led), the finalisation of the three Kenbi related land claims (DCM), the Cobourg Peninsula and Upper Daly land claims (DTC led), the Anthony Lagoon, Ban Ban Springs Area and Coomalie/Deepwater, Wakaya Alyawarre, Wulna and Frances Well land claims (DIPL led) with DPIR progressing remediation works on the site of the former Rum Jungle mine which is affiliated with the Finnis River land claim. Outstanding land claims not listed above (e.g. four relating to Kakadu) are typically managed by DIPL in the first instance.
6. DCM's Aboriginal Land Strategic Policy unit currently has five staff (including one graduate) with one additional Aboriginal staff member currently on extended/maternity leave.

Input will be required from DIPL, DTC and DPIR to complete the response to this question.

7. The amount of administrative effort required to respond to this question is too onerous and excessive and would result in undue diversion of resources from the core business of the department.
8. ***The Department of Trade, Business and Innovation (DTBI) provided the following answer to this question.***

The Economic Development Summits held at Lake Bennet held in 2016 identified a number of initiatives for future development for the community of Wadeye.

There have been substantial developments including a soil and water survey which identified significant opportunities. Land owners were engaged in the survey work. Thamarrurr Development Corporation has been through a major restructure and consolidation, and now are the major body driving economic opportunities in the land trust.

As a direct result of the summits the following actions have taken place:

- *two business growth grants given to Palngun Wurnangat Aboriginal Corporation for business restructuring and growth planning. These grants will assist in enabling future retail growth in the community*
- *Thamarrurr Development Corporation (TDC) have been successful in tendering for 25 housing refurbishments. In addition, TDC are tendering for 16 new house builds and a further 75 refurbishments. To support and enable this, the Department of Business and Innovation provided a business growth grant for business restructuring*
- *TDC were provided a community champions grant of \$150 000 for the purchase of a new grader to enable civil contracting works to be undertaken in the community*
- *a further grant of \$80 000 was provided for campsite redevelopments in the community homelands*

- *specialist analysis and advice has been provided to TDC to expand and capitalise on commercial accommodation facilities in Wadeye, and*
- *the Department of Environment and Natural Resources has completed a comprehensive soil and water analysis program in the surrounding region to inform future agri-business potential of the area.*

9. ***DTBI provided the following answer to this question.***

Aboriginal communities were engaged in a number of ways. There were in excess of 50 direct engagement opportunities held across the NT including Nhulunbuy, Katherine, Tennant Creek, Timber Creek, Groote Eylandt and Alice Springs attended by Aboriginal people, Aboriginal representative groups and organisations. These included peak organisations including four land councils, NT Indigenous Business Network, Centrefarm/Aboriginal Land and Sea Economic Development Agency and individuals.

There was some direct engagement with Wadeye people and organisations by way of a visit to Wadeye on 16 March 2017. The mayor of the West Daly Regional Council, Mr Harold Wilson also attended the Phase 1 update at the end of 2016, as well as the final forum held in Darwin in March 2017. The government also gave consideration to work already undertaken by the community over 2015 to develop an economic plan for the region.

Trade Delegation to China

1. DTBI provided the following answer to this question.

A small delegation of NT public servants led by the Chief Minister travelled to Japan and Korea in advance of the Rizhao Forum. He was accompanied by 4 senior officials from the departments of Trade, Business and Innovation and Primary Industry and Resources.

The NT-Rizhao Joint Economic Cooperation Forum (the Forum) saw 93 attendees from the NT which was the largest overseas business delegation undertaken by the Territory. The Forum was structured into key sector streams (resources, infrastructure, agribusiness, tourism and education) which necessitated senior officials from each sector attending the Forum. In addition Mandarin speaking DTBI staff worked closely with Rizhao Government Officials in planning and logistics for the Forum; traveling to Rizhao in advance of the Forum to ensure that Australian attendee requirements were met.

Germany and Netherlands Overseas Travel

1. DTBI provided the following answer to this question.

The purpose of the Department of Trade, Business and Innovation delegation to Germany and the Netherlands was to highlight the benefits of maintaining the future Offshore Patrol Vessel (OPV) in Darwin, thereby attracting investment and growing the maritime industry support sector.

The OPV is Defence's replacement for the NT-based Armidale Class Patrol Boat. Three European companies were shortlisted for the design of the OPV; Luerksen and Fassmer of Germany and Damen of the Netherlands. The delegation included Rear Admiral (Retd) Mark Purcell who is a member of the Strategic Defence Advisory Board.

The delegation's key message was that the most effective and strategic location for OPV sustainment is Darwin. The companies were also made aware of current and future infrastructure capability in Darwin, including the proposed Ship Lift and Marine Industries Facility.

The success of the travel in raising the profile of the NT marine industry is evidenced by Luerksen's recent decision to conduct an industry briefing day in Darwin on 20 July 2017.

Procurement

1.
 - a. A Tier 2 Request for Quote (<\$100K) Darwin – Consultancy – NT Government’s Early Childhood Development Plan was released to market on 26 September 2016 and closed on 30 September 2016.

In accordance with a Tier 2 process, three companies were provided the opportunity to respond, two being identified by Industry Capability Network NT as Territory companies with the appropriate skill set and experience to undertake the work; one company was an interstate company.

A selection panel was established with one DCM staff member and two Northern Territory NGOs. One of the NGOs was unable to complete this engagement, and was replaced by another Northern Territory NGO.

The two Territory companies did not respond to the request for quote; with one company identifying they were unable to take on additional work at that time.

The panel undertook the procurement assessment process and identified the interstate provider as being suitable and the contract was awarded.
 - b. It related to an existing consultancy undertaken by the Office of Aboriginal Affairs from when it was part of the former Department of Local Government and Community Services. .

Travel

1. The traveller who is proposing to travel, initially submits a request to combine official travel with private travel to DCM Travel.

Details of the travel include the dates of official travel and private travel as well as destinations involved.

Protecting Country, Creating Jobs

LABOR'S PLAN TO SUPORT INDIGENOUS RANGERS

\$4.1 million for the tools to get the job done.

Provide \$4.1 million for one off capital grants of up to \$100k for Indigenous ranger groups to help with the purchase of essential items like vehicles, boats and radio and communications equipment.

\$8 million to create jobs and protect country.

A Territory Labor Government will establish a land management and conservation fund of \$2 million per year to improve conservation practices on aboriginal lands and sea country, and support Indigenous ranger groups.

Projects which increase employment outcomes, partner with businesses, industry and the Government and non-government sector in innovative ways, and increase climate change adaption and knowledge will be given priority.

Legislative recognition and support for Indigenous rangers.

A Territory Labor Government will amend the Territory Parks and Wildlife Conservation Act to specifically recognise the role of Indigenous ranger groups in managing for conservation across large areas of the Territory.

Not only will this give Indigenous rangers the recognition they deserve but it will also enable enforcement powers that increase the ability of groups to effectively manage their land to be negotiated on a case by case basis.

\$2 million to create jobs in the carbon economy.

A Territory Labor Government will provide \$500k per annum to establish an Indigenous Carbon Unit within Government to deliver carbon abatement and economic development on Indigenous land.

The Territory is a world leader in innovative fire abatement projects which have the potential to unlock tens of millions of dollars of investment and jobs.

The Indigenous Carbon Unit will provide advice and support to ranger groups and Indigenous land holders seeking to create sustainable enterprise through carbon abatement and sequestration, and will help promote this emerging industry to new potential partners across Australia and around the world.
