Subject: Key Legislation Reviews

From: Ms Lynne Walker to Hon John Elferink
Attorney-General & Justice

Question: **4-1**
Minister, can you list the key legislation reviews conducted by Legal Policy this financial year?

Answer: The major reviews, amongst others, are statutory review of the Business Tenancies and Fair Dealings Act, the Crimes Assistance Act, the Justice Centre Act, review of domestic and family violence legislation, review of Part 15 of the Caravan Parks Act and a review of legislation regarding compliance with the Commonwealth Sex Discrimination Act. They are the major ones and then there are a lot of smaller ones that are being done as well, but I hope that that satisfies.
