Sub Output:
Subject: School of the air - set up of remote trailers

From: Mr Peter Chandler to Dr Chris Burns
Education and Training

Question: **4-6**
I understand the school of the air has a number of remote trailers set up to stream school of the air in to remote communities, how many trailers exist and how much do they cost to set up?

Answer: There are three mobile satellite services units provided by the respective Schools of the Air, two in the Alice Springs School of the Air and one in the Katherine School of the Air. A new trailer costs approximately \$7500.
