Subject: Hunting stakeholder reference group

QUESTION:

How often has the hunting stakeholder reference group met in 2022-23 and during the reporting period?

ANSWER:

That reference group was an arrangement with the Parks and Wildlife Commission (PWC), which started in 2012, before PWC was part of the Department of Environment, Parks and Water Security. The reference group was established to develop arrangements to allow hunting activities on some remote areas of the parks estate to assist with feral animal management, particularly.

The reference group no longer meets because those arrangements have been established and operate well.
