**Answer:** Yes, the budget allocation of \$36.M for Parks and Reserves Management includes an allocation of \$9.103M for CSO's, paid for the two Wildlife Parks.

In addition as a result of the restructure within the agency this output group now also comprises the Wildlife Operations function, in 2002-03 Budget Papers this function formed part of the "Management of Territory's Biodiversity" output group. The budget allocation to this function in 2003-04 is \$1.3M.
