Subject: Youths on streets at night

QUESTION

What is the estimated number of youths on the street at night in the reporting period November 2021 to May 2022 in Alice Springs?

ANSWER

Month	Number of Youth
November 2021	1215
December 2021	1714
January 2022	957
February 2022	927
March 2022	1556
April 2022	1483
May 2022	964

Context:

This data should be used with caution as a head count of young person's seen in the CBD that is conducted on a nightly basis at around 2200 and 0400. The head counts are likely to include the same youth who are on the street at each count, and therefore are recorded twice leading to duplication in the data.
