

LEGISLATIVE ASSEMBLY OF THE NORTHERN TERRITORY

WRITTEN QUESTION

Ms Purick to the Minister for Infrastructure, Planning and Logistics:

Regional Fire Station – Howard Springs

1. What Government agency was responsible for the decision to clear vegetation outside the new regional fire station at Howard Springs?
2. What was the cost of clearing the vegetation?
3. Was the work of clearing the vegetation undertaken by a private contractor and if so, what was the business name?
4. Was any environment assessment of loss of species of flora and fauna undertaken and if so by what business and/or agency? If not why not?
5. What is the cost of revegetation including irrigation and associated supporting water management infrastructure?
6. What grasses were selected for revegetation and by whom?
7. Has the work of revegetation and irrigation gone out to tender and if so, what businesses secured the job?
8. Who undertook the risk assessment that supports the claim that the existing vegetation was a risk that could impact emergency response times or cause a vehicle accident?
