Question: **6-14**
Minister, can you please provide a list of the programs and services in Health that have ceased as a result of the end of Commonwealth funding agreements?

Answer: The Indigenous Teenage Sexual Reproductive Health and Young Parents Support. What I gave before was the figure for Central Australia, but it casts a wider net and is \$4m across the Territory; the delivery of renal health services to Aboriginal and Torres Strait Islander people in Central Australia was \$1.7m, digital technology for Breastscreen is -\$600 000; improving public hospital services one off reward funding -\$214 000; and Shangla Hospital AusAID was minus \$99 000. Total minus \$6.545m.
