

ESTIMATES COMMITTEE

Question Taken on Notice

Date: 12 June 2019

Subject: Report by Port Jackson Partners

From: Mr Gary Higgins MLA, Member for Daly

To: Hon Michael Gunner MLA

Agency: Trade, Business and Innovation

Number: 3.21

Question: Could you provide a copy of the report 'Increasing and Broadening Gas Commercialisation Benefits for the Territory' that was compiled by the New South Wales Company Port Jackson Partners?

Answer:

The work by Port Jackson Partners is a working document prepared to assist the understanding of issues with establishing new industries and inform the development of strategies to engage commercially with industry. The report contains a range of assumptions that build on commercial information that will be the subject of future negotiations. It was never intended to produce a stand-alone report for public dissemination. It is proposed that the Department of Trade, Business and Development provides a verbal briefing on the work by Port Jackson Partners.
