

LEGISLATIVE ASSEMBLY OF THE NORTHERN TERRITORY

WRITTEN QUESTION

Ms Carney to Minister for Justice and Attorney-General

Integrated Land Information System – usage changes

Would you please advise how much revenue was generated in 2009-10 from the statutory charges for accessing the IJIS?

The question specifically refers to 'statutory charges for accessing' ILIS. Therefore, in calculating revenue, charges relating to registration of dealings, eg land transfers, have been excluded. Further, a number of fees charged by the Department of Lands and Planning (DLP) for provision of sales reports and the like, are not statutory charges, so they have not been included.

The revenue received in 2009-10 for statutory charges under the *Registration Regulations* for access to ILIS based registers was \$1,122,795.
