

**LEGISLATIVE ASSEMBLY OF THE NORTHERN TERRITORY**

**WRITTEN QUESTION**

Mr Higgins to the Minister for Infrastructure, Planning and Logistics

**Fence Wraps**

1. **Would you please advise the cost of fence wrapping the underground car park project adjacent to State Square?**

The fence wrap applied to the initial safety fence at State Square cost \$3,424.72 (ex GST).

2. **Would you please advise the cost of removing the fence wrapping and replacing it with a painted fence? What did the painting cost?**

The project required an initial safety fence, and later a safety hoarding to be installed to suit the depth of excavation. The fence wrap applied to the initial safety fence at State Square was removed at no cost by the project contractor. The inclusive cost of the State Square hoarding (fence) and painting was \$60 000. Hoardings such as this are common at similar projects interstate, where high profile and high traffic sites with long delivery timeframes are underway.

3. **What has happened to the now redundant fence wrapping prepared for the State Square project?**

The fence wrap from the initial safety fence has been kept to use, if required, at a later stage in the project.

4. **Would you please advise which NT government projects have been fence wrapped and the cost of each?**

Fence wraps have been installed on fences at 14 projects across the Northern Territory. All fence wraps were sourced from local Darwin business Curby's NT. The projects where wraps have been installed on fences and the cost (Excl GST) are:
