

Question No: 212

Question: Department of Health and Community Services Corporate Management

Date: 17/11/92

Member: Mr BAILEY

To: MINISTER for HEALTH and COMMUNITY SERVICES

1. What are the position titles and Northern Territory Public Service classifications of the 300 staff of the Corporate Management Section referred to in Budget Paper No 2.

2. How many positions that were in the Corporate Management Section in -

(a) 1990-91; and

(b) 1991-92,

were cut as a result of -

(i) the Estimates Review Committee decisions announced by the Northern Territory government in April 1991; and

(ii) the adoption of Cresap recommendations.

3. What were the position titles and Northern Territory Public Service classifications of the positions, excluding those transferred to other sections of the Department of Health and Community Services, referred to in question 2.

4. How many positions from the Corporate Management Section have been transferred to other sections of the Department of Health and Community Services budget as a result of the adoption of the Estimates Review Committee and Cresap recommendations, and what are the position titles and Northern Territory Public Service classifications of those positions.

5. Has a section of the 1991-92 Corporate Management (Operational Management) Budget for the Department of Health and Community Services been dropped from the 1992-93 budget; if so, where have funds and staff from this section been distributed.

ANSWER

1. See following Attachment A.

2. Reductions in Corporate Management staff as a result of ERC and Cresap amounted to 91 and included the following senior positions: Deputy Secretary E03; Assistant Secretary, Information Systems EO1; Assistant Secretary, Personnel Consultancy A/EO1; Assistant Secretary, Policy and Planning EO1; and Regional Director Alice Springs E03.

3. The current management systems (pre PIPS) will not provide details of each change/amalgamation without considerable manual effort but I refer to the Cresap final report Appendix D & E.

4. A new organisational structure replaced the previous structure and achieved the net savings in question 2 and therefore no positions were transferred.

5. In 1992-93 2 programs were amalgamated. They were Operational Management and Corporate Services. All staffing and funds transferred to Corporate Services in 1992-93.
