**Member :** Mr BAILEY

**To :** MINISTER for CONSERVATION

In my personal explanation to the Legislative Assembly on 5 February 1991, the minister's attention was drawn to an article in the NT News attributed to him which purported to include a quote from myself.

1. Was the minister directly responsible for the fabrication of that quote.
2. If the minister was not responsible for the quote, was he aware of the fabrication.
3. Was the press release, from which the 'quote' came, issued without the minister's knowledge.
