**ANSWER**

The "Sunboosters" trial, which is funded by Office of Sustainable Energy, and aims to install solar on 30 public housing houses. As at 31 March 2025 no public housing customers under the Sunboosters Trial were on-line. There is one public housing customer from Tennant Creek who is on-line, implemented as a precursor to Sunboosters.

Jacana Energy was also a key participant in the Alice Springs Future Grid trial. There were 15 public housing customers on-line as at 31 March 2025 as part of this trial.
