Subject:

QUESTION:

How many, if any, local government grants have been reprioritised since the CLP came to government?

ANSWER:

No grants have been reprioritised since the CLP came into Government.

In March 2024, the former Labor Government reduced the total appropriation for local government grants in the 2024-25 budget. Consequently, this decision reprioritised the application-based Immediate Priority Grant and Community for People Places Grant programs, which came into effect in November 2024.
