

ESTIMATES COMMITTEE

Question Taken on Notice

Question Number: 2.5	Output Number: Opening Statement
Date: 11/06/2025	
From: Member for Johnston	To: Minister for Logistics and Infrastructure
Portfolio: Logistics and Infrastructure	
Agency: Department of Logistics and Infrastructure	
Subject: Elcho Island Aerodrome safety upgrades	

QUESTION:

Which parts of the safety upgrades of the Elcho Island aerodrome are not proceeding?

ANSWER:

- Funding for the Elcho Island aerodrome - secure aircraft compound – Funding previously allocated for the secure aircraft compound at Elcho Island Aerodrome has been reprioritised. This is due to complexities in developing a project scope that would effectively address the identified security issues within the available budget. In addition, works to upgrade the perimeter fence has assisted in improving security at the aerodrome.
- Funding for Elcho Island aerodrome - safety upgrade works – The Department has delivered a number of works over recent years such as a reseal of the runway, apron and taxiways and fence line updates which have maintained safety compliance.
- Funding to upgrade the Elcho Island apron remains on program to ensure the project meets CASA compliance requirements.
