To: Hon Nicole Manison MLA

Portfolio: Agribusiness and Aquaculture

Agency: Industry, Tourism and Trade

Subject: Direct and indirect financial assistance provided to Project Sea Dragon

QUESTION:

How much has the Territory government provided to Project Sea Dragon in direct and indirect financial assistance? When should we expect a final investment decision on this project?

ANSWER:

The Northern Territory Government has provided Project Sea Dragon major project status and invested in public road infrastructure which will unlock economic opportunity, increase freight capacity, improve route accessibility and flood immunity, and will indirectly assist Project Sea Dragon.

The final investment decision on the project is a matter for Seafarms.
