Lots 1348 and 1349 in Katherine East Industrial precinct were serviced with water, power and sewerage as a consequence of the extension of services to Lot 3237, the subject of a community land grant.

The servicing was an extension of existing head works and the road access already existed as a part of the existing subdivision.

The cost for the minor new works was \$221 000 (2009-10).
